in Kyrgyzstan,
September 2015
Provider:
Azerbaijan

Poverty Statistics
in Cote d'Ivoire,
September 2015
Provider:
ANSD of Senegal

STATCAB QUESTIONNAIRE

RESPONSES FOR THE TERM 2016-2017

ROSE

ROSTER OF STATISTICS EXPERTS

- The **Roster of Statistics Experts (ROSE)** serves for hosting the profiles of professionals that work in the official statistics sector or in other sectors that deliver services contributing to the efforts of the agencies with an embedded statistical role.
- By establishing a pool of relevant expertise, the ROSE is expected to be instrumental in identifying the available professionals either in relevant domains of official statistics.
- ROSE will contribute significantly to useful exchange of information and experiences within the Islamic World through enabling the flow of communication between the professionals and the relevant stakeholders.

A white circle with a thin blue outline, connected to the text box by a thin blue line.

SESRIC will increase the type and number of statistical training activities in 2016 if sufficient number of OIC member countries volunteer to actively contribute as providers

A white circle with a thin blue outline, connected to the text box by a thin blue line.

To extend the range of outreach to the member countries:

- a) There is a need to organize Training of Trainers (Workshop) at different regional levels.
- b) E-learning platform can be developed and/or possible cooperation with UN can be initiated in this regard.

A white circle with a thin blue outline, connected to the text box by a thin blue line.

The Roster of Experts is revitalised and updated in order to reach available experts in the needed subjects.

“Cooperation for Development”

THANK YOU
