

**BENEFITS AND CHALLENGES OF INTEGRATING
GEOSPATIAL INFORMATION IN CENSUSES FOR
SUPPORTING FIELD ENUMERATION AND
DISSEMINATION**

GROUP DISCUSSION #1

Advantages

- Developing enumeration area maps**
- Digitization and integration of digitized data**
- Verify pertinent spatial data**
- Creating thematic maps**

Constraints

- Financial constraint**
- Hardware costs**
- Software costs**
- Time constraint**

ADVANTAGES AND CONSTRAINTS OF EMPLOYING DIGITAL MAPS

Advantages

- Data dissemination**
- Produce or manage the delivery of reference and thematic maps**
- Para date with GPS**
- Improve an inter-agency collaboration**

Constraints

- Human capital and Staff retention**
- High literacy rate is required**
- Resources scarcity**
- Lack of coordination**

ADVANTAGES AND CONSTRAINTS OF EMPLOYING DIGITAL MAPS
