RECOMMENDATIONS ON GLOBAL ASSESSMENT

Legal framework:
- Professional independence;
- Establishment of the Council of Manufacturers of Official Statistics and the Statistical Council;
- Revision of the State Statistics Law

Independent decisions are made in the core work;
Continuous work is under way to revise the statistical tools in the form of focus groups;
The draft law of the Republic of Kazakhstan "On state statistics" is **being elaborated**

Organizational structure:
- Greater flexibility in organizational matters;
- Conducting an in-depth evaluation of the organizational structure

New information technologies are used:
- Receiving reports online;
Under way:
- Computerized telephone survey system;
- Computerized individual survey system

Perfection of methodological possibilities:
- Creation of a methodological unit;
- Expanding opportunities for the improvement of language skills

A statistical methodology is being **developed** taking into account international best practices.
The possibility of **establishing** a separate department on forming statistical methodologies
